

FIELD TRIP RULES

SeaWorld

Please review these guidelines with your students in class before your field trip.

- Every student must submit a signed liability release form in order to attend the field trip.
- All persons, bags, parcels and other items may be subject to screening/security checks. SeaWorld reserves the right not to allow any bag, parcel or other item to be brought inside the park.
- Students **must stay in their group** with the assigned chaperone at all times, and must follow directions provided by Ocean Connectors and SeaWorld park staff.
- Proper, appropriate attire must be worn at all times. **Students should wear comfortable, closed-toed shoes that are good for walking.** They should dress in warm layers, and wear sunscreen.
- **No running, horseplay, or climbing** on any walls, benches, or exhibits. Students must stay on designated pathways rather than take shortcuts.
- Line jumping, profanity, and unruly behavior are not tolerated and may be cause for ejection from the park.
- Students may take photos, provided that cameras do not cause a distraction to other students or guests, or a disruption to wildlife. **Students are not permitted to bring any type of electronic game** inside the park.
- SeaWorld will still be open to the general public during the field trip. **Students must show good behavior and be respectful and courteous of all other guests, wildlife, chaperones, instructors, and exhibits.**
- **Do not touch exhibit glass**, as this causes undue stress to the animals and can be harmful.
- **Hands should be rinsed with clean water before and after use of touch tanks.** Remind students to touch softly and warn them not to restrain, grab, or pick-up any of the animals. It is especially important not to run or yell near the touch tanks.
- **Students must stay with their group and follow directions** provided by Ocean Connectors and SeaWorld staff members at all times.
