Dear Parents and Guardians,

We are excited to announce that your child's class has been invited to participate in a unique environmental education program this year called Ocean Connectors: Shark Investigation Unit! In partnership with the nonprofit organization The Ocean Foundation, Ocean Connectors students learn fascinating information about ocean animals and their habitats. Students will have the opportunity to participate in classroom presentations, journaling, hands-on lessons, and coastal field trips. Ocean Connectors activities contribute to student academic achievement while inspiring children to think globally and act locally to protect the environment.

As a standard requirement to participate in any Ocean Connectors program, all students must submit Liability and Appearance Release Forms signed by a parent or guardian. We appreciate your cooperation with completing these forms, which will allow us to provide your child with an innovative and valuable educational experience this school year. As a nonprofit organization, we kindly suggest a $15 donation per child to help cover our costs and ensure our programs can continue. You can send a check or donate online at oceanconnectors.org/donate. Please feel free to contact info@oceanconnectors.org with any questions.

Parents can visit the Ocean Connectors website at oceanconnectors.org and follow @OceanConnectors on social media to learn more about our programs. Please follow along as your child becomes an Ocean Connector!

Sincerely,

Frances Kinney
Executive Director
